# VENDING SERVICES

## DRINK

We offer a selection of refreshing Coca-Cola vending equipment, including carbonated beverages, juices, energy drinks and vitamin waters.

Vending machines with our Pepsi line-up includes juices, waters, sports drinks and carbonated classics.

## SNACK

Our snack vending machines feature fully customizable product line-ups. We have many savoury and sweet options to choose from.

## MILK & DAIRY

Enjoy a variety of wholesome snacks and drinks including plain & flavoured milk beverages, cheese snacks and yogurt.

## COLD FOOD

Choose from a variety of vending options including microwaveable meals, sandwiches, hamburgers & hotdogs, breakfast sandwiches, soups, milk and juices.

## COFFEE

Our coffees are served hot and made from whole beans. Stock your vending machine with a variety of products including flavoured options.

## ATM & CASH SERVICES

Attract more customers and increase sales with your own ATM machine. How many hours of productivity do you lose every month to staffers trekking to ATM machines? If you say, "Too many!" why not provide an ATM right on your premises? An on-site ATM attracts customers, increases cash sales, and puts more money into your pocket. What's not to love? McMurray Coin can offer you the best possible machine, perfectly suited for your individual location. We carry the most advanced, next generation ATM machines in the industry, thus giving you highly reliable ATMs that work around the clock to increase your profits. We offer full service ATM solutions for our vending customers that would like to provide a convenient access to cash in addition to providing ATM machines to local businesses.

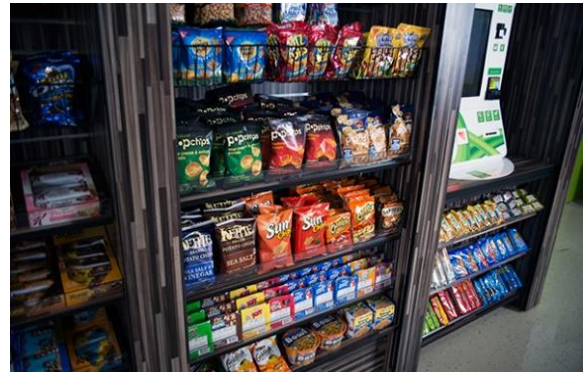

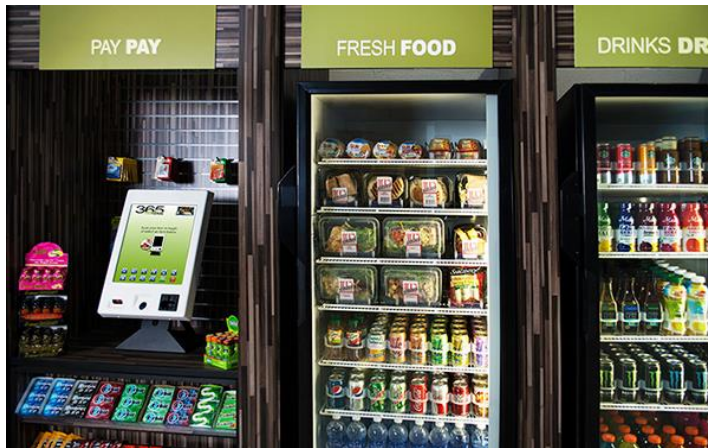

Our ATM machines accept a wide range of commerce partners for your customer's convenience.

Let us securely transport your cash from your store to your bank. Our service is safe, reliable and aims to make your cash business stress free. For more information on our ATM or Cash Transport services call us today at (780) 598-3506 or email us at [info@rimfiresolutions.ca](mailto:info@rimfiresolutions.ca). Already a vending customer? Contact your RimFire representative to see about placing an ATM at your place of business as an added employee and customer benefit.

# MICRO MARKET & PANTRY SERVICES

Self-Serve Kiosk Micro-Markets give your workplace an exciting new vibe with an open market that uses advanced technology to offer hundreds of snack, beverage and meal options to your employees 24/7. From menu to layout, each market is designed specifically for your unique setting and your staff's specific tastes.

Our expansive product selection includes both traditional "must-haves" and a variety of better-for-you options. Help employees choose those healthier options with one of our many loyalty/incentive programs built around snacks that are gluten free, organic, high in protein, etc.

Our innovative open markets eliminate cafeteria expenses, increase workplace productivity, improve job satisfaction, promote and support wellness initiatives and help attract/retain employees that your company wants and needs.

Each market comes equipped with its own web-based inventory system, a self-checkout kiosk and security cameras. With these systems in place we know exactly what your market needs on delivery day, your employees have multiple ways to pay and theft amounts are negligible. Our technology we use, how we are PCI compliant or how are markets can better your workplace for mor information please see our website.

<b>TOTAL DEFENSE</b>	5 YEARS	INCL.	\$138.31
<b>RE-MINERALIZER BOOST</b>	2 YEARS	INCL.	\$132.06

## TOTAL CUSTOMIZATION

The Aqua-Clear System is designed for customization. With 14 filters and counting, it provides more filtration options than any other Reverse Osmosis system on the market today. If water conditions change, the system can be easily adjusted. It can even be used for Non-Reverse Osmosis applications if desired. The following are examples of customized solutions for specific water problems.

Water Problem	Part 1	Part 2	Part 3	Part 4	Post-Filter
Arsenic	5 Micron Sediment Filter	Carbon Block Pre-Filter	Reverse Osmosis Membrane	Arsenic Cartridge	Carbon Block Post-Filter
Fluoride	5 Micron Sediment Filter	Carbon Block Pre-Filter	Reverse Osmosis Membrane	Bypass Plug	Carbon Block Post-Filter
MTBE	5 Micron Sediment Filter	Carbon Block Pre-Filter	Reverse Osmosis Membrane	Total Defense Cartridge	Carbon Block Post-Filter
VOCs	5 Micron Sediment Filter	Carbon Block Pre-Filter	Reverse Osmosis Membrane	Total Defense Cartridge	Carbon Block Post-Filter
Heavy Sediment	25 Micron Sediment Filter	5 micron Sediment Filter	GAC Pre-Filter	Reverse Osmosis Membrane	Carbon Block Post-Filter
Perchlorate	5 Micron Sediment Filter	Carbon Block Pre-Filter	Reverse Osmosis Membrane	Perchlorate Cartridge	Carbon Block Post-Filter
Chlorine Taste/Odor	5 Micron Sediment Filter	Carbon Block Pre-Filter	Bypass Plug	Bypass Plug	Carbon Block Post-Filter
Chromium	5 Micron Sediment Filter	Carbon Block Pre-Filter	Reverse Osmosis Membrane	Total Defense Cartridge*	Carbon Block Post-Filter
Sodium	5 Micron Sediment Filter	Carbon Block Pre-Filter	Reverse Osmosis Membrane	Total Defense Cartridge*	Carbon Block Post-Filter

Before installing a water treatment system, it is recommended that you have your water supply tested to determine your actual water treatment needs. See the Performance Data Sheets in the Aqua-Clear Owner's Guide for detailed substance removal data.

\*Optional.

REIMAGINED

**THE HOT TUB FOR A PEACEFUL LIFE**

**Add more peace to your life with a Bullfrog Spa—the most customizable, reliable, and efficient hot tub.**

***Peaceful Body. Peaceful Mind. Peaceful Home.™***

**PRODUCT CATALOGUE**

**(NOTE ALL PRICING IS SUBJECT TO CHANGE WITHOUT NOTICE BASED ON MARKET VALUE )**

***Peaceful Body. Peaceful Mind. Peaceful Home.™***

***Peaceful Body***

Feel your aches and pains melt away. The Bullfrog Spas JetPak Therapy System™ provides personalized and powerful JetPak massages to help you feel better.

***Peaceful Mind***

Unwind at the end of a stressful day. Bullfrog Spas provides relaxing jet massages, tranquil mood lighting, and a calming waterfall to enhance your rejuvenation.

***Peaceful Home***

Reconnect with your family and friends. Bullfrog Spas provides comfortable seating, beautiful designs, and an optional audio system to help you create lasting memories. Discover the Bullfrog Spas

# The JetPak Therapy System™

Bullfrog Spas gives you far more jet options than any other hot tub by using the patented JetPak Therapy System®.

What does this mean? JetPaks are interchangeable jetted spa seats. There are 17 different JetPaks to choose from, each with unique massages. You choose the JetPaks that target your body's specific aches and pains and place them in your favorite seat.

No other hot tub can provide personalized relaxation and therapy like Bullfrog Spas.

The JetPak Therapy System™ is a revolutionary way to ensure that your spa experience is personalized just for you. Each JetPak® is designed to provide a unique massage with unique wellness benefits. You are empowered to design your spa specifically for your personal needs and preferences, and because JetPaks® are interchangeable, you can upgrade JetPaks or move them to different locations within the spa at any time.

## Where do you ache?

Bullfrog Spas has JetPaks specifically designed for your lower back, spine, neck, shoulders, and more. With varying massage types and thoughtful jet placements, you'll be sure to find JetPaks that **relieve your specific aches and pains**.

Choose your own jet massages  
Bullfrog Spas' JetPak Therapy System includes **17 interchangeable JetPak massages** to choose from so you can personalize your hot tub experience.

**Review the entire selection of Bullfrog Spas JetPaks.**

## How powerful of a massage do you need?

You don't have the same preference when it comes to jet power as your neighbor, and your preference changes day-to-day based on your activities.

Turn the intensity up after a tough exercise or a stressful day of work, or choose a gentle pressure when relaxing with friends or family. To customize the massage intensity for that **"just right" feeling**, simply turn the therapy dial up or down.

## Award-Winning Designs

Bullfrog Spas are elegantly designed, classically inspired, simple, and clean. The STIL spa by Bullfrog Spas is the only portable spa to have been recognized with the prestigious iF International Design Award.

Improve your backyard and home with a spa designed specifically for your style.

## Quality, tight-fitting cover

Bullfrog Spas' Patio Performance™ cover design keeps cool air out and prevents heat from escaping. These covers are designed specifically for your Bullfrog Spa to maximize its energy efficiency.

## Additional Features & Options

Your Bullfrog Spa will be your go-to place for relaxation, therapy, family time, and fun.

Take advantage of the best hot tub features, including:

- Premium Water Features
- Mood & Feature Lighting
- In-Spa Audio System
- Cloud Control App
- And More...

**Mood Lighting**

**Feature light**

**Audio**

## Are you short, tall, or somewhere in between?

No matter your height or preferred seat depth, Bullfrog Spas has a comfortable seat just for you.

Relax in a premium lounger, enjoy a full-body massage in a deep seat, or hang out in a shallow seat to avoid getting your hair wet. With **varying seat types and depths**, your whole family can enjoy the spa together.

Just place your favorite JetPak massage in your favorite seat and start relaxing.

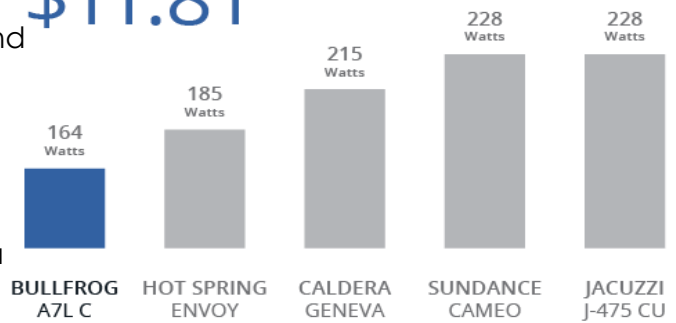

## Energy Efficiency

Bullfrog Spas are built with full foam insulation and up to 90% less plumbing. This ultra-efficient plumbing design provides more powerful massages while minimizing energy costs, saving you thousands of dollars over time.

Look at the energy chart provided to see how a Bullfrog Spa compares to other spa brands.

MONTHLY OPERATION COST for an A7L model

**\$11.81\***

\*Spa model energy use figures based on test data published by the California Energy Commission 11/15/19. Testing conducted in accordance with the CEC standard for portable electric spas. Cost estimate calculated based on standby watts recorded using CEC test protocol (60° F, 102° water temp) and an energy cost of \$.10 per kilowatt hour. Actual energy costs may vary.

## Lower Cost to Own and Operate

Everyone says it, but data actually shows that Bullfrog Spa models are the most energy efficient hot tubs in their class.\*

Every single Bullfrog Spa model meets or exceeds the stringent energy guidelines of the California Energy Commission (CEC).

With the superior energy efficiency, you will enjoy keeping extra money each month almost as much as you will enjoy relaxing in your spa.

\*Energy calculations based on data compiled by the California Energy Commission and US Energy Information Administration.

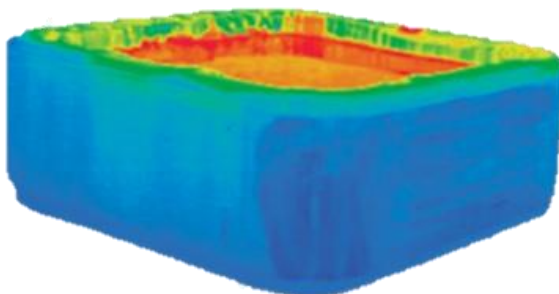

## Full Foam Insulated Hot Tubs

Bullfrog Spas' full foam design insulates the spa completely to prevent heat escape, even in the coldest climates.

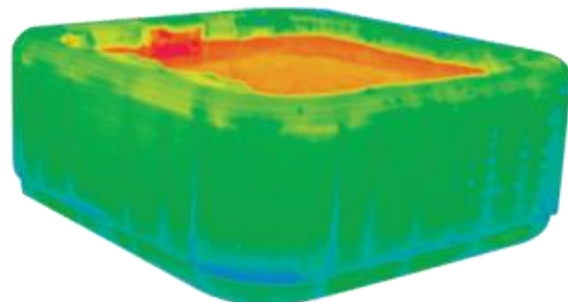

Bullfrog Spas utilize an ultra energy-efficient foam throughout the interior of the spa structure to lock in more heat. Infrared heat mapping shows the difference that full foam insulation makes. A full foam insulated Bullfrog Spa locks in the heat and very little escapes to the outside air.

In a conventional hot tub you can see that more heat is lost to the outside environment, requiring the hot tub to use more energy to keep the water warm.

***Infrared Heat Map – Bullfrog Spa***

***Infrared Heat Map – Conventional Spa***

## Less Plumbing = Less Energy Loss

Because Bullfrog Spas are built with the patented JetPak Therapy System™, they utilize about 90% less plumbing than conventional hot tubs. Less plumbing equals less friction and less energy used to get water to the jets.

In addition, most of the water delivery system in a Bullfrog Spa is inside of the proprietary H2Air Manifold on the JetPak and is submerged in the hot water. Any heat from water in the JetPak manifold transfers directly to the spa water rather than being lost to the cold outside environment.

## Rely on quality construction

Look forward to years of enjoyment with the most reliable, longest-lasting hot tub brand. Built without wood or metal, your Bullfrog Spa will **never rot or corrode**. Unnecessary holes and plumbing used in conventional spas were eliminated to prevent leaks and failures.

Rest easy knowing you're investing in a trouble-free spa.

Full foam insulation and up to **90% less plumbing** make Bullfrog Spas the most energy efficient spas in their class. So sit back and relax without worrying about your energy bill.

## Sturdy Frame & Structure

Each Bullfrog Spa is built on our patented EnduraFrame™ support structure, a sturdy molded ABS spa frame made with no wood or metal so it will never rot or corrode. Our state-of-the-art spa construction methods provide enduring support for your hot tub and the thousands of pounds of water it will hold.

The molded ABS EnduraBase™, EnduraBeam™ structural columns and other EnduraFrame™ components are precision aligned the exact same way every time with no human error.

## Receive friendly, local service

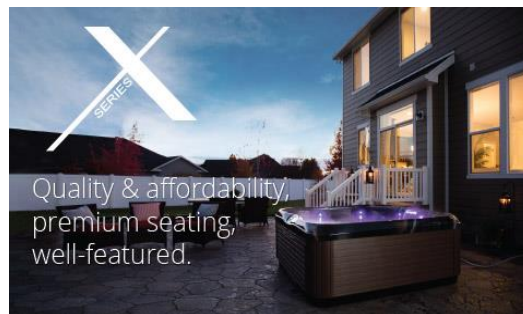

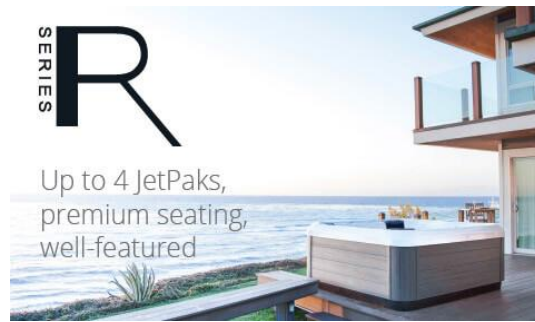

Bullfrog Spas partners with the best hot tub dealers to provide you with the best service and warranty available.

Your local authorized Bullfrog Spa dealer will help you purchase, install, and service your hot tub.

our design Studio allows you to choose the spa model and layout you want, the JetPaks you need, and the colors that complement your home and landscape.

Design the best hot tub for you and your needs.

## BULLFROG SPAS HOT TUBS SELECTION

Bullfrog Spas offers a complete selection of premium portable spas and hot tubs in all sizes, layouts, color combinations and styles to suit every need. Whether it's our top of the line M SERIES with elite aesthetics, ultra-versatile seating, and intuitive functionality, the legendary premium A SERIES with distinguished custom options and features, the highly designed and modern STIL, the affordable personalized R SERIES or our affordable quality-focused X SERIES, you'll find hot tubs and spas for every lifestyle and budget.

# SPA CLEANING & MAINTENANCE

Spa Ownership Has Never Been So Easy

The Bullfrog Spas Premium Water Care Package combines the unique benefits of three highly effective clean water systems.

With the Bullfrog Spas Enhanced Ozone System (EOS O<sub>3</sub>™), and the WellSpring Circulation Pump, you can enjoy your spa with a water care experience that minimizes the hassle of maintaining clean, healthy water. What does this mean for you as a hot tub owner? With all three systems working in tandem, your spa water will require less addition of sanitizing agents and chemicals than ever before—saving you time and money.

Bullfrog Spas provides **simple water care** systems to help you clean and maintain your spa with ease.

Spend more time with your loved ones and less time balancing chemicals.

## **Premium Water Care Systems**

Bullfrog Spas provides simple and effective water care systems to keep your spa water clean and clear.

These systems include:

- Enhanced Ozone System (EOS O<sub>3</sub>™)
- WellSpring Filters

You'll be surprised how easy it is to maintain and clean your Spa !

# ABOUT

## **We Serve With A Personal Touch**

Locally owned and operated, RimFire Solutions is proud to call Fort McMurray home. And because it is home we believe that no one better understands the needs of fellow Fort McMurray businesses like we do. In addition to operating business in Fort McMurray, owner Peter Hansen, is a proud member of both the Metis Nation of Alberta, Region 1, and of the Fort McMurray Metis Local 1935.

We employ a team of dedicated hard working professionals to bring you the highest level of service. Our purchasers, drivers, managers and mechanics work as a cohesive team to make sure you get high quality products on time and without hassle.

## **Customized Solutions**

We offer our customer a customized solution including healthy alternatives. As members of CAMA (Canada Automatic Merchandising Association) we are proud partners of Smartpick, a program designed to make healthy choices in our vending machines and markets easily recognizable for your employees and guests.

## **Variety of Services**

We offer a wide variety of services that many vendors do not in an effort to be your most convenient one stop shop which means you can count on us. With offerings of fullline vending, office coffee, bottled water, water filtration and ATM/ cash services as well as a recycling program & much, much more!

For more information on any of the services RimFire Solutions offers, speak to one of our team members about how we can best fit your needs.

# Partnered with

## **Professionally Vending Anything, Anytime, Anywhere!**

Owned and operate locally, we are proud to have been servicing Fort McMurray and the Municipality of Wood Buffalo area since 1981. We specialize in the supply and service of vending equipment for many different client groups. We consist of a multi-talented team of route managers and equipment service specialist.

We are backed with an impressive track record of delivering products and vending to all facets of hospitality, commercial and industrial sector. With over 15,000 square feet of specialized warehousing, **we can professionally vend anything, anytime, anywhere.** We have a 24 hour on-call service department backed by journeyman vending mechanics with specialized technology and highly skilled personnel; we offer a hassle free experience.

## **Community Involvement**

Locally owned and operated since 1981, McMurray Coin has long since established roots in the Fort McMurray and Greater Municipality of Wood Buffalo community by building and supporting local charitable and advocacy efforts near and dear to our community. McMurray Coin is affiliated with a wide variety of organizations locally such as; Big Brothers and Big Sisters, Dolly Parton imagination library, and Habitat for Humanity. We provide bursaries, assistance in school programs; children's reading programs and we encourage and support our staff in their own charitable pursuits. We believe in strong relationships for strong communities.

### **Culligan Water**

Water is a big part of your life, It hydrates your community, fuels your workers, and keeps your family healthy. With 80 years in the water business, and over 40 years servicing the Wood Buffalo Area. Our highly trained local experts are committed to making Culligan the best choice for water treatment and delivery services in Fort McMurray and surrounding area.

Culligan provides trusted, convenient water softening and filtration technology for families across Fort McMurray.

Our equipment gives you better tasting and safer water, which saves you money and gives you peace of mind.

We provide FREE Water Tests & Equipment Inspections, understanding what is coming out of your taps is important for the health of your family, the life of your appliances, and the cleanliness of your home.

And of course we can't forget Water & Coffee Delivery For Your Business

Our commercial customers love getting one easy delivery of both water and coffee from an experienced, CBWA certified member with a superior focus on quality & safety.

### **Bullfrog Spas**

Bullfrog International, LC is the parent company of the Bullfrog Spas® hot tub brand. Bullfrog International designs and manufactures the world's only luxury hot tubs with the patented JetPak Therapy System™. JetPaks® are modular jetted spa seats that allow the user to customize, interchange and upgrade their hot tub's jetted massages at anytime. Founded in 1996, Bullfrog International is headquartered in the greater Salt Lake City, Utah metro area.

The JetPak Therapy System is backed by six U.S. patents, multiple foreign patents, with other U.S. and foreign patents pending. Bullfrog Spas provide powerful hydrotherapy, legendary reliability, and are extremely energy efficient. Bullfrog International currently distributes, licenses, and retails its products in the United States, Canada, Australia, New Zealand, Asia, South American, the Caribbean and Europe. Bullfrog International, LC is a privately held company widely regarded as the fastest growing luxury hot tub manufacturer in the world.
